## **Join Ferris & Wright Mowers at Saltex 2016 (Stand A040) for a preview of their new product line up**

Saltex 2016 is a big occasion for Ferris & Wright Mowers, distributed in the UK by T H WHITE Machinery Imports. If you are planning to attend the show, please do join us on Stand A040 where we'll have a variety of exciting new machinery on show including a working demonstration of **Ferris's patented IS Independent suspension system** on the **Ferris 2100Z**. This unique feature sets Ferris completely apart from the competition and allows operators to maintain speed and productivity in rough terrain whilst riding in comfort!

What's more, we'll also be displaying Ferris' first stander model to be brought to the market - the Soft Ride Stand-on **SRS™ Z2**. This new model really raises the bar with a patent-pending adjustable operator platform and Ferris' known suspension technology to optimise operator comfort and increase productivity. Its superior balance provides stability and manoeuvrability that exceeds expectations for traction and handling. Available in 36" and 48" cutting decks, with rear discharge mowing deck, automatic PTO disengagement, ergonomic controls, height of cut hand-operated adjuster, a generous 23 litre fuel tank and an easy-locking 3-position speed control. This model achieves 12,8 km/h ground speed and mows up to 1,25 hectares per hour based on 80% efficiency of the 48" deck.

The **Ferris Fleetline F16OZ 52**” with collection system will also be making an appearance. The Saltex line-up is completed with the Ferris IS600Z, an entry level, full suspension ZTR with a 44” rear discharge / mulch deck.

From Wright Manufacturing we will be featuring the **New Stander ‘I’** with its rapid height adjustment, you can change deck heights without breaking a sweat. Both the new Stander ‘I’ and Sport ‘I’ boast the all new “AERO-CORE” fully floating rear discharge deck. The new models are both available in 36” and 48” cutting widths.

The **Stander 32**” is the only stand-on 32” mower in the UK right now and its superb manoeuvrability allows it to fit comfortably through a standard gateway.

So don’t miss out on this fantastic new line up - see you at Birmingham National Exhibition Centre on the 2nd and 3rd of November.

–Ends–
