

The Great

FERRIS®

COAST2COAST CHALLENGE

In support of
 mind Wiltshire

Help us go the distance on a Ferris IS® 2600Z mower and raise money for a great cause!

Arnside

Whitby

The Route

245 km (152 miles)

We're driving through Cumbria, crossing the Pennines and into Yorkshire – over the Yorkshire Dales National Park & the North York Moors to the East Coast...

When: 9 –10 April 2024

Where: From **Arnside** seafront to The Whale Bone Arch, **Whitby**

Who: The hardy folk from Team T H WHITE Machinery Imports

We've all experienced 'down days' when we've just not felt in the finest fettle. For some, that's as bad as it gets – but unfortunately for others, things can go much further south...

One in four of us experience some form of mental health issue in the course of a year. It's highly likely that all of us will either develop a mental health issue or have close contact with someone who does. Mental Health impacts physical health, relationships and the ability to work. Good mental health allows us to succeed in these areas.

However – if that's the lie of the land, we at Team Machinery Imports are doing something to help! With the very generous support from our friends at Ferris, we're embarking on a 152 mile journey from the Irish Sea coast to the North Sea coast – and yes – on a Ferris IS 2600Z mower!

And we'd like your support too! Please consider making a donation to our designated charity, Wiltshire Mind. It's simple to donate, thanks to a special Just Giving page which you can access by clicking [HERE](#) or scanning the code below.
