

T H WHITE GROUP

Environmental Policy Statement

At the T H WHITE Group, we pride ourselves in achieving the best outcomes for our customers, while supporting livelihoods for generations. Supporting this principle, the Company is committed to the positive protection of the environment, recognising that meeting the needs of the present must not compromise the wellbeing of others in the future.

We are committed to minimising environmental impact of our operations through the implementation of positive actions including:

- Meeting the requirements of all relevant environmental legislation as a minimum
- Understanding and reviewing the environmental impacts of our business
- Inclusion of environmental matters in our capital investment decision making processes
- Building on our current achievements in the use of solar and biomass to utilise sustainable energy sources in powering our business premises
- Measuring our carbon emissions and implementing energy saving plans
- Embracing opportunities to work with our customers and suppliers to reduce environmental impact and improve sustainability throughout the supply chain
- Application of the waste hierarchy and making best use of our resources
- Gaining certification to recognised standards, such as ISO 14001 and Achilles, the scope of which will be defined by relevance to the activities of different operational divisions
- Promoting environmental awareness amongst our employees
